

FRED PELTER'S RAPID RISE IN RAILROADING

Former Baggage Master Here, Just Named General Manager of Norfolk Southern

Friends here have received news of the gratifying promotion of a former Richmond boy to be General Manager of the Norfolk Southern Railroad Company. He is Fred P. Pelter, who left Richmond about 25 years ago, after serving in various capacities at the local depot and L. & N. service here.

The rise of Mr. Pelter in the railway world is said to have been quite meteoric. He was baggage master at Richmond 25 years ago, about the time J. W. Hamilton was connected with the road. He was a son of George Pelter and resided in the eastern part of the city. From here the young man moved with his family to Texas, continuing his railroad work, until now he is boss over 900 miles of one of the biggest coast railroads. His headquarters are at Norfolk, Va.

ANOTHER CONVICT DRIVES OFF FROM PEN

Trusty, Sent Up From Fayette, For Robbery, Fails To Return With Prison Automobile

Frankfort, Ky., June 29—Atwell Young, trusty at the state reformatory here, last night failed to appear at the close of his day's work as driver of one of the prison automobiles. Police of Louisville, Lexington and other cities were notified, but at a late hour last night the convict was still missing.

Young, who has been a trusty for about three months, left the reformatory in a small touring car rented by the state for use at the prison to take lunch to the convicts who were working on the grounds at the new Capitol. He told authorities that he would be delayed in returning as he had to take the car to a garage for repairs. His absence was not noted, however, until the prisoners were checked up about 5 o'clock.

The missing convict's wife has been in Frankfort, leaving Monday for Louisville. Superintendent H. V. Bastin said that he believes Young may have driven to Louisville to see her.

The car in which Young made his getaway belonged to the Nicol garage, the reformatory having rented it while the prison car was being repaired.

Young walked with a limp. After delivering the dinner which he carried from the reformatory to prisoners at work on the Capitol grounds Young went to the Nicol garage and had his car filled with oil and gasoline.

Young had served about one-half of a three year sentence for robbery and would have been eligible for parole. He was sentenced from Fayette county.

FAREWELL SERVICE FOR MISS HANAWALT

The farewell service for Miss Ella Hanawalt at the Methodist church Sunday morning brought out a full house. The talks on China by Prof. Booth, Prof. Smith and Mrs. John Howard Payne gave some information about that vast country. Humorous, so full of tears and laughter, was played on the violin and piano by the Smith sisters, was very sweet. Miss Hanawalt gave an enthusiastic address on the Gilling School at Nanking, to which she has been appointed. At the close, the Sunday School presented her with a handsome check, and wished her Godspeed in her courageous undertaking.

She left Richmond Tuesday morning for French Lick where she will join Miss Belle Bennett for a few days. Then she will visit her home in Illinois for a month, and on the 18th of August will take passage on the ship, "The Empress of Asia," at Vancouver, British Columbia. She is due in China September first.

Crowd At McGrath Funeral

(By Associated Press)
Louisville, Ky., June 29—The funeral of Frank McGrath, widely known Louisville democratic politician, was largely attended here today. He was killed by an automobile Monday. The church was taxed to capacity and the overflow lined the sidewalks.

ASKS HOW CONGRESS STANDS ON DISARMING

(By Associated Press)
Washington, June 29—It is "wholly desirable to have an expression of opinion on the part of Congress relating to world disarmament and it would seem to me ample if it should be expressed in the most general terms," President Harding wrote today to Representative Mondell, the House republican leader. "I am vastly more concerned with the favorable attitude of Congress on this question than I am as to the form of expressing that attitude," the President wrote, adding "you may be sure that the executive will be ready to give every consideration to such expression as the members of the two Houses of Congress find themselves disposed to make."

DISABLED VETERANS WARN SOCIALISTS

(By Associated Press)
Detroit, Mich., June 29—Bulletin—Fifty delegates to the convention of disabled American Veterans of the World War invaded the Socialist National convention here today and warned the Socialists the veterans were ready to fight again to defend the flag against sedition, disloyalty, and treason.

NEW DRY PLANS GO INTO EFFECT JULY 1

(By Associated Press)
Washington, June 29—Reorganization of the Federal prohibition enforcement forces along lines previously announced, will become effective July 1st, Commissioner Haynes said today. On that date new state directors will succeed the present district directors and a flying column of agents for interstate work will take the field under the commissioner's direction. The advantage of the first year's prohibition experience is expected to put the work on a firmer basis, Haynes said.

They're Still Trying To Stop It
(By Associated Press)
Jersey City, N. J., June 29—Rev. Harry B. Hyatt, representing the Clergymen's Community Club, of Jersey City, today laid before Prosecutor Garvin a bill of complaint to stop the Dempsey-Carpentier fight here Saturday. Meantime other representatives planned an appeal to the Supreme Court at Trenton to stop the fight.

Novel Plan Followed In Lifting Debt At Dedication

Lagrange, Ky., June 29—With five of the parishioners who attended the dedication of the original church 48 years ago, the Christian church at Buckner was dedicated. More than a thousand people attended the services. A novel plan was adopted to lift the debt of \$1,250. The members of the church and patrons attending the dedication subscribed to purchase various building material, some paying \$8 for a bundle of shingles, others \$15 for a window until the entire amount due on the \$5,500 building was raised. The original church was destroyed by fire two years ago.

EASTERN NORMAL'S BIG EXTENSION WORK

Six Weeks' Summer Schools Are Being Conducted In 39 of Her 69 Counties

The Summer School at Eastern opened Tuesday with several hundred students in attendance, but with a slight decrease, probably fifty from last year's high mark. This slight decrease is due entirely to the extension schools that Eastern and other schools are running.

Eastern has promoted six-weeks' Summer Schools, and they are now in session, or will be within two weeks in the following counties: Bath, Bell, Boyd, Carroll, Carter, Clay, Clinton, Fleming, Greenup, Lewis, Mason, McCreary, Nicholas, Owen, Wolfe, Pulaski, Trimble, Whitley, Wolfe, Harrison, Jessamine, Martin, Bracken, Lawrence, Kenton, Letcher, Campbell and Floyd.

In addition to the foregoing, Berea is running a Summer School; Sue Bennett, one in Laurel county; Union College in Knox county; the State University, one in Bourbon; and one in Magoffin county. In all 32 of the 69 counties.

The attendance in these schools ranges from 40 to 100 students, and the faculties from two to five teachers. The combined attendance in the counties under the control of Richmond will approximate 1,500 students. Each one of these schools is a local branch of Eastern; the subjects being taught in them are the subjects the teachers must teach.

To bring these schools into being, it was necessary to get the Boards of Education to guarantee about \$20,000 for the salaries of approximately one hundred instructors. It was necessary to secure and approve these instructors—quite a job. It is gratifying to know that some of the strongest men in the state, and women, too, are practically giving their services. Such men as Hill, of Somerset, now in Boyd county, and Donovan, of Catlettsburg, now in Pike county, and many others. To meet these Boards of Education and County Superintendents, to secure the money to carry on the work, to find and approve and place teachers, to keep in touch with the schools, to answer the numerous questions arising concerning their administration and to perform other duties too numerous to mention, so far as Eastern has had a part and is having a part in them, has been the work of Prof. W. L. Jayne, the Field Representative of Eastern, who has devoted most of his time during the past four months to this movement.

About half of these schools will close next week which has been designated "Institute Week" because the institute will be held in connection with them and all the teachers will be required to attend. A big movement has been started which will probably result in substituting for the costly and inefficient one week's teachers' institute, a six weeks' Summer School, which all teachers will be required to attend.

There is no way to improve the schools of Kentucky except to improve the teachers.

Fourth of July Prizes

Hardsburg, Ky., June 29—Prizes for the finest baby, the biggest family present, and for the biggest family coming in one vehicle and an airship from Camp Henry Knox are among the attractions being offered for the annual Fourth of July celebration here next Monday.

And Some Think We Have the H. C. L. In America

(By Associated Press)
Tokio, June 29—Justification of the daily lament by foreigners in Japan over the high cost of living is found in a report given out by a committee of the American Legion of Tokyo and Yokohama. The report founded on replicas received from members of the post, fixes the living expenses for a single man at between \$275 and \$291 a month and for married men between \$541 and \$666 per month and said that their salaries permitted no saving whatsoever.

DEMPEY TO FIGHT AT 190 POUNDS

(By Associated Press)
Atlantic City, N. J., June 29—Jack Dempsey displays no outward sign of nervousness or irritability and his handlers agree his physical condition could hardly be improved upon. He said he is glad the long training grind is nearing an end. Dempsey weighs 193 pounds, about three pounds over the figure he expects to scale when he enters the ring.

Carpentier Not Nervous

Manhasset, June 29—Georges Carpentier today entered the final stages of training and expects to be on edge when he calls halt tomorrow afternoon. Carpentier is displaying not the least trace of anxiety.

Seize Dempsey's \$15,000 Auto

Philadelphia, June 29—An automobile belonging to Jack Dempsey, the heavyweight champion, and said to be valued at \$15,000, was seized in front of a hotel here today to satisfy a judgment obtained against the fighter in a Philadelphia court recently by Dr. Herbert E. Goddard for an unpaid balance for minor operation on Dempsey's nose. James Dougherty, friend of Dempsey, had driven the car here from Atlantic City on an errand for the champion.

Dr. Goddard charged Dempsey \$1,000 for the operation which was performed more than a year ago. The fighter paid \$500, declaring the fee sufficient. The doctor sued and won judgment for the remaining \$500.

CONGLETONS TRADE FOR KNOX COAL MINE

Lee Congleton, who moved from Madison to Fayette, will get possession Friday of a coal mine on Brush Fork, Knox county, said to be producing between 300 and 400 tons of coal a day, for which he exchanged his 400-acre farm on the Jack's Creek pike, in Fayette. The deal was made Saturday with R. E. and R. L. Wheeler, of Knoxville, Tenn., who will get possession of the farm the same date.

The mine, Mr. Congleton said, is valued at approximately \$150,000. Claude Congleton, his son, has gone to take charge. One of the Wheeler brothers will move to Lexington and open an office as superintendent of the operation of two other properties in Knox county and the farm in Fayette.

Mr. Congleton and family will move to another 400-acre farm on the Richmond pike which was operated by his son, Conley, before his death several months ago, and Claude Congleton will operate the mine property.

JAMES C. HAWKINS OUT FOR COUNCILMAN

Another candidate for Councilman of Richmond authorizes the Daily Register to announce his candidacy today. He is Mr. James C. Hawkins, well known local contractor, a member of the firm of Turpin and Hawkins, of which he is general manager. Mr. Hawkins makes his announcement from the Court House precinct, and subject to the action of the Democratic primary to be held on August 6th. He is well known all over the city and pledges to work for a business-like and economical administration of the city's affairs if nominated and elected.

As funds became available for the enforcement of prohibition 700 officers have been restored to their jobs.

A twenty-five per cent reduction in women's clothes for fall has been announced.

BIG DIXIE HIGHWAY CONVENTION IN CINCINNATI

Good Roads Boosters From North and South To Meet There September 9 and 10

A caravan of 200 or more automobiles from the South, with a thousand persons aboard, will roll into Cincinnati, September 8, for the fall meeting of the Dixie Highway Association, to be held in that city September 9 and 10. A similar caravan from the North will be due to arrive at the same time for the same occasion.

The Southern caravan will be from more than 100 counties along the Southern divisions of the Dixie Highway in the states of Florida, Georgia, North and South Carolina, Tennessee and Kentucky. The one from the North will be made up from the counties on the Northern divisions in the states of Ohio, Indiana, Illinois, and Michigan.

The Chattanooga Automobile Club, which inaugurated the Dixie Highway movement six years ago and brought about the formation of the Dixie Highway Association, has taken the initiative in organizing this tour of highway advocates from the South. Letters outlining the plan are going to all of the 113 counties in the six Southern states on the designated Dixie Highway routes. The organization of the tour is being started well in advance, so that every interested community may have ample time to arrange for its representation.

It is proposed that there be at least one car from every county, each with a full complement of passengers. From the larger cities it is desired that each have several cars. Chattanooga expects to send at least ten cars and the other cities, it is hoped, will be represented proportionately.

This tour will mark the opening of the Chattanooga-Knoxville-Lexington-Cincinnati route or the Eastern division of the Dixie Highway. Construction work in progress this summer will be available for this tour and for the fall and winter tourists' movement between the North and the South, opening up an entire new avenue for the tourists travel to the Southeast.

TEVIS HUGUELY IS SENT TO NEW ORLEANS

Deputy Internal Revenue Collector D. Tevis Hugueuly, of this city, is at home winding up his affairs preparatory to going to New Orleans for special duty on July 9th. Mr. Hugueuly has been assigned to assist Ed V. Wilson, district supervisor, who will put in some time at the Louisiana metropolis investigating payment of sales taxes by the merchants of the southern city. Mr. Hugueuly has made good in his investigations for Uncle Sam and is always called for when some extraordinary work is to be done. He does not know how long he will be kept there.

LYE AND POISON IVY IN 'SHINE

The 14-year-old son of Harrison Dugar, of Boones Gap, Rockcastle county, died from poisoning as the result of moonshine whiskey, which he took the evening previous. The father also drank some of the decoction and for a time his life was despaired of. The physician reports another case of poisoning in which the life of a Mt. Vernon youth was saved through the most of heroic remedies. It is said lye and poison ivy are put in the mixture which is being bootlegged in that section.

China's Poor Railways

(By Associated Press)
Peking, June 29—President Hsu Shihchang, discussing railways in his book recently issued, "China After the War," recites that China has 24 railway lines with a total mileage of about 7,000, whereas the United States, with an area about the same as China, and with only one fourth of the population, has 265,000 miles of railway, or sixty times as much.

(By Associated Press)
Washington, June 29—Establishment in New York of an international banking institution to be known as the Bank of the Nation, with two billion dollars capital, to act as the fiscal agent for the United States and such other governments as might be admitted as stockholders, is proposed in a bill introduced today by Senator Hitchcock, democrat, of Nebraska.

MRS. J. A. MCCLINTOCK LOSES HER MOTHER

Mrs. Hugh D. Campbell, aged 71, widow of Hugh D. Campbell, who died in Paris several years ago, died at 2:30 o'clock Saturday afternoon at her home on High street, in that city, following a protracted illness, due to a complication of diseases.

Mrs. Campbell is survived by two children, Mrs. Wm. Riley Franklin, of Paris, who made her home with her mother, and Mrs. J. A. McClintock, of Richmond, also by three sisters. The funeral was held at the family home on High street, Monday morning at 10 o'clock with services conducted by Rev. C. H. Greer, pastor of the Paris Methodist church assisted by Dr. H. C. Fisher, of Millersburg. The body was taken to Millersburg, her old home, for interment in the Millersburg cemetery. Mrs. McClintock has the sympathy of her host of friends in her loss.

WEST MCKINNEY HAS BROKEN LEG

Mr. West McKinney had his right leg broken at the ankle Tuesday morning when his horse ran away with him on the Irvine pike. The horse, scaring at a road engine, took to his heels and was unable to be stopped by Mr. McKinney, who was thrown from the buggy. Mr. McKinney resides on Third street where he is resting comfortably. According to Dr. W. M. Gibson the injury is exceedingly painful. His many friends are wishing his rapid recovery.

Farmer Dragged By Cow Has One Leg Amputated

Bonnieville, Ky., June 29—Tom Saswell, 39, of Upton, is in Louisville being treated for injuries received when a cow ran away with him. He had a chain around the cow's neck, which was caught on Sasell's leg when the cow ran dragging him about 200 yards. His leg was broken and the bone plowed through the mud into a pond. Blood poison developed and later his leg was taken off below the hip.

DR. M. B. ADAMS' SON AT POINT OF DEATH

As A Result of Dive In River—Parents Have Close Call In Wreck Going To Him

President M. B. Adams, of Georgetown College, who has many friends here, and Mrs. Adams, are in Paducah at the bedside of his son, Charles "Jeff" Adams, 21, star athlete of Georgetown College, who was seriously hurt Monday evening when he dived into the Ohio river opposite Paducah. Adams suffered an injury to the spine and his body is completely paralyzed.

His spine is said to be fractured. His body has been paralyzed from the neck down since the accident, but now he can move his right arm.

Slight hope is entertained for his recovery as X-ray pictures reveal that the front vertebra is fractured and the traverse process displaced upwards. Physicians say that he has a fighting chance for recovery.

Dr. and Mrs. Adams had a close call while hurrying to their son. Dr. and Mrs. Adams arrived at Frankfort soon after midnight on their way to Louisville with but an hour and 20 minutes to catch a train for Paducah. Their car went dead in Frankfort and they went to the home of a friend, John G. Rogers, who offered them his car. Five miles out of Frankfort on the Louisville pike, the car, which was going at a rapid rate of speed, struck a cow in the middle of the road. The contact turned the car over, practically demolishing it. Dr. and Mrs. Adams escaped serious injury, as did W. E. Clark, who was driving the car.

STUDENTS TO TOUR AND STUDY GEOLOGY

(By Associated Press)
Lexington, Ky., June 29—Twenty-five students of the summer school of geology, University of Kentucky, today began assembling here for the annual geological tour of students of the school. They will go to Mill Springs, Wayne county, and from there hike to Asheville, N. C., across the Kentucky, Tennessee, and North Carolina mountains. The trip is scheduled to start from Lexington on July 1, but the geology department of the University of Kentucky, of which Prof. A. M. Miller is in charge, will take the Michigan students for a geological tour of the blue grass. The students will camp at Mill Springs for four weeks before starting for Asheville.

Bigger, Stronger, More Durable Than Ever Before

For months, we have worked to make Goodyear Tires for passenger cars even better. We have increased the size of our clincher type Goodyear Cords, made the tread thicker, the carcass heavier, the bead stronger. Today our larger size Cords are likewise bigger, stronger, more durable. And fabric tires, and inner tubes, too, show added value. Whatever car you drive, there are improved Goodyear Tires and Tubes now ready for it, at the nearest Goodyear Service Station.

Charles G. Dawson, head of President Harding's budget economy commission, thinks he can save a billion dollars for the treasury in a year through the budget plan. If he can the taxpayers will ever remember him other than the cussingest official ever before an investigating committee.

The Louisville Post commenting on the Lexington Leader's editorial about Gov. Morrow and the Blair pardon, says the Leader is one of the fairest republican papers in the state. Perhaps the Post man hasn't read some of the things that the Leader editorial writer has had to say about Woodrow Wilson in the past. However, with it now conceding that a republican official can be at fault, the time may be hoped for when it may some day realize what a great work Wilson did for the world and humanity. We won't believe that the Leader can ever grow big enough to do this, though, until we see it with our own eyes.

County Judge Mulcahy, of Woodford, will probably have no opposition for reelection as County Judge of Woodford county, in view of the position he has taken in regard to the salary of his office. At his own request the Fiscal Court reduced the salary of the office from \$100 to \$50 month. Judge Mulcahy told the court that with the limited amount of business now transacted by the court he felt that \$50 a month was ample compensation for the office of County Judge in Woodford. Judge Mulcahy is one official in a thousand—no, in a million.

(By E. T. Higgins)

The First Christians defeated the Second "Campbellite" church of the city on the Normal field Tuesday by a score of 9 to 0.

James Robert (Cooney) Neff pitched a fine game from start to finish. He did not allow but one hit to occur in any inning, and held his enemies to three blows. Only one of these went to the outfield. This one was a double that rung off Yater's bat in the sixth inning.

It was doubtful if the game could be staged but finally the clouds rolled away and the contest started at a few minutes after four o'clock. The game was held to seven innings because of the limited time for the staging of it.

The muddy field did not affect the playing of the First Christian team who made only error. This was made by Barnett in the first inning on a pretty swift ball and a hard one to handle. On Chase's difficult bouncer in the fourth Barnett made a fine stop, but threw wild to first. Martin repeated the performance, making a wonderful stop, too. Barnett had a big day, even though he did make his team's only error. He scored from second on an out at first, which is a Ty Cobb stunt. Turley also played a stellar game in the left garden as well as the bat. He led his team in hitting, with three bingles in four trips to the plate and handled three chances nicely in his field. He robbed Yater of another double or perhaps a triple by pulling down his long fly after along run toward Memorial Hall.

Fanning also pulled a star play by taking Lackey's foul fly over his shoulder for the first out of the game. Yater made a fair catch of Turley's fly to left field in the fifth. The Second Christians were not given any encouragement by Neff at all as he did not issue a base on balls or hit a batsman. The only free ticket to first was given on Barnett's error. The lucky man was nabbed in an attempt to steal second by the timely peg of Oldham on the next play. Oldham caught for the First Christians and did exceptionally well. None of the three First Christian catchers showed up.

Nine straights and the First Christians have run over the red flag again.

BABY DAUGHTER IS TAKEN HOME

Freddie, the beautiful four-year old daughter of Mr. and Mrs. Frank Farris, died Tuesday afternoon at 3 o'clock at the home of Mr. and Mrs. Burton Roberts, in Burnamwood, where a little less than a week ago she came with her devoted parents from Dunlap, Tennessee, to make a visit to a number of relatives here. The little girl was stricken with peritonitis immediately upon her arrival. All that the best medical skill and the tender ministrations of loving friends and relatives could do proved fruitless. It seems that she was loaned to them only for a little while. She came to teach a lesson of love, devotion and unselfishness and her little mission was done. "God's finger touched her and she slept, while they who loved her watched and wept." May the thought of her perfect peace and safety comfort the stricken parents. The sympathy of the entire community is extended to them in this their darkest hour. Funeral services will be held at the home of Mr. Roberts Thursday afternoon at 3 o'clock.

"Held By the Enemy"
Has Powerful Appeal

An interesting drama of love, and hate in Civil War days, is "Held by the Enemy," the Paramount picture of William Gillette's famous play, which will be shown at the local theatres today.

There is just enough of the Civil War flavor about "Held by the Enemy" to make it relishable. The story has to do with Rachel Hayne, a southern girl, who is supposedly a widow, and who lives with her family in an old manor, which is in possession of Federal troops commanded by Colonel Prescott. That officer is in love with Rachel and is about to avow his reciprocated love when Capt. Hayne, the husband, turns up. A rascally surgeon is the Colonel's rival and when Haynes is captured as a spy, he accuses Prescott of having trumped up the charge against Hayne so as to rid himself of an encumbrance.

Hayne escapes after being sentenced to death but is recaptured. After several stirring incidents, he commits suicide. The picture was directed by Donald Crisp and adapted by Beulah Marie Dix.

HERE ARE SOME NEW INTELLIGENCE TESTS

(By Associated Press)
Boston, June 29—Miss Constance Bouck, of Leadville, Colo., a freshman at Simmons College, is announced as head of her class in general intelligence. The decision was reached through the

application of mentality tests originated by Dr. A. A. Roback, instructor in psychology at Harvard University and at Simmons.
"The twelve parts of the Roback tests, with the exception of the analogy, hard opposites and direct tests, which were based on familiar principles, were devised by Dr. Roback with the college student in mind," it was explained

in announcing the award.
"One of the most interesting of the test questions is the Problem Test, designed to gauge capacity to grapple with a practical situation. One of the problems, for example, asks 'If you were on the seventh floor of a department store in a hurry to get to the ground floor and two elevators came at the same time, one attracting a large crowd and the other only two passengers, which

would you take and why?' The person of under average and few of average intelligence answer at once 'The elevator with two passengers, because it is easier to get in and out of.' It takes the superior intelligence to reason that the full car will in all probability express to the ground floor, whereas the almost empty one would stop at each floor to take on more passengers.

"The Relations test was another poser: 'If two first cousins were to marry, what would be the former and the new relationship of Miss A's sister's husband to Mr. X's?' Answer, former relation, first cousin by marriage; new relation, brother-in-law. Of Mr. X to Miss A's mother? Answer, old relation, nephew; new, son-in-law. Of Miss A's brother to Mr. X's sister? Answer, first cousin and brother's brother-in-law. Of Mr. X's father to Miss A's brother? Answer, uncle and sister's father-in-law. Mr. and Mrs. X's child to Mr. X's brother's child? Answer, second cousin, first cousin.

"There were ten others besides the Relation and the Problem tests to be answered inside of three hours. The six highest scores were obtained by American girls of American parentage," it was added.

LOCAL YOUNGSTERS AT CAMP ON RIVER

Eight Richmond lads left Wednesday morning for Camp Daniel Boone where they intend to spend a two weeks' vacation. The following boys were the happy campers: Richard Wagers, R. J. McKee, Jr., Charley Jett, Jr., Jos. Bosley, Jr., Joe Chenault, Marion Adams, Robert Dunn, and Wm. Telford, Shelton Saufley, Jr. was prevented from going by illness. A good deal of equipment has been installed at the Y. M. C. A. camp and the boys are insured a good time from start to finish. Better food is to be served and the boys are always under the control of the camp leaders. Boating has become popular and several new boats have been bought for that purpose. An out-door life all the time is what the local boys will enjoy.

SAYS EVERY BONE IN HER BODY HURT

Covington Woman Soon Relieved of Her Rheumatism By Taking Tanlac

"When I began taking Tanlac I was hobbling around the house with a stick and felt miserable all the time, but I am as active as I ever was in my life now, and feel like a different person," said Mrs. Margaret Hutchens, of 511 Eakewell street, Covington, Ky.

"For six years off and on, but especially in rainy weather, my back, limbs and joints hurt me from rheumatism, and for the past two years I have had a complication of troubles. When I began taking Tanlac my stomach was in such a disordered condition that no matter how careful I was about eating I suffered for hours afterwards. I became weak and nervous, too, and was unable to do any of my housework. Every bone in my body hurt, and I felt so miserable I doubted if I would ever be well again.

"Tanlac is certainly different from any other medicine I ever tried and it did for me what the others had failed to do. First, it gave me an appetite, then it soothed and toned up my stomach so that no matter what I ate I was not troubled with indigestion. The rheumatism left me, too, and I haven't an ache or pain now. The change is so remarkable that it is almost hard for me to realize that I am the same person. Tanlac is good not only for grown people but for children, too, as I can testify, for I gave it to my little girl and it just built her up wonderfully. A number of people in our neighborhood have taken Tanlac and they are as enthusiastic about it as I am."

Tanlac is sold in Richmond by Stockton and Son and leading druggists.

BASE BALL GOSSIP

There has been some talk of picking a base ball team from the local Church League, and playing the Irvine independent team which is very anxious for a game. The local boys have progressed so rapidly and have shown so much ability that there is a possibility that this game may be staged. The Irvine team is very fast, and has a fine pitcher in the person of Rasty Wright. This game, staged, would be sure to draw a large crowd, and most of the local fans believe that with Sam Reid pitching our boys could defeat the Irvine nine.

Local fans who journeyed to Irvine to see a game between a team from that city and the Norwood, O., team came back praising the work of Barker, the Irvine star catcher. They say he caught four men napping on first and two trying to steal second. Not a base was stolen off him. He played here against the Normal for Union College last year, but since then he has had a trial with the Colonels, and is very successful at Irvine.

Letters coming in daily from base ball clubs of the surrounding towns asking for games with the picked team from the Church League. It has been decided, however, that no games will be played until after the Church League games have been completed.

Sam Reid, the star Church League pitcher, has received an offer of a pretty good sum to come to Irvine and pitch for the independent team of that city, Sunday. He has declined, however, and says he will not play Sunday ball for a while at least.

H. L. Hutchins was not able to take part in the game with the Presbyterians Monday, because of a slight injury sustained in an automobile accident on the Red House pike, Sunday.

Wm. Crutcher suffered a pretty bad laceration on the finger Monday while playing in the Church League game for the Presbyterians. His injury is expected to be healed enough for him to take part in the next game with his team, which does not take place until after Chautauqua. A physician had to dress the injured digit.

What is the matter with the First Christians? For their first seven games they scored an average of 14 runs, but in their last two games they have only averaged four and one-half runs. They have, however, won both games and that is the thing that counts.

Rotation in office is both Democratic and best for the people. Trusting that I shall not be considered presumptuous in tendering my services to fill the high office "so ably filled by my opponent" for the past 30 years, at which rate only three of Kentucky's sons could perform the duties of this position of honor and opportunity in a century.

If the other clubs of the Church League do not stop fighting for second place, and go after the First Christians, they will cinch the flag before the others wake up.
Richmond has proven that it is good base ball town, which makes it seem strange that no alert man in this city took up the plan of the revival of the old Blue Grass league which was discussed last winter.

WELL, What do you want? Have you tried to get it? Does anybody besides yourself know that you want it? Do you know how to get it?

Listen to this

A green salesman was employed by a large piano house in metropolitan city. The first week he sold more pianos than any other salesman on the staff. On Saturday the manager called him into the private office, shut the door, and said:

"Young man, I want to ask you just one question—How do you do it?"
"That's easy," replied the young man. "Instead of calling on just a few 'prospects' scattered all over town, I assume that every one is a prospect and stop at every home."

KENTUCKY SOON TO BE EGG BASKET OF SOUTH

If Purebred Poultry Campaign Is Continued With Success A Few Seasons More

(By Associated Press)

Lexington, Ky., June 29—Kentucky soon will be the "egg basket" of the south, if growth during the last year of the purebred poultry campaign conducted by the Extension Division of the College of Agriculture, on the standardization plan is taken as an indication of the importance of the poultry industry in the state. During the spring hatching season, just closed, 553,475 purebred hatching eggs and 21,895 baby chicks were distributed by 51 county agents to the farmers of their communities in the interest of the campaign, according to reports just compiled by the College with all breeds. Rhode Island leads. The report shows that at least 8,162 farmers have turned from the mongrel breed to purebred poultry during the year, while 6,471 farmers already have flocks of the standard breed for their section of the state.

The report shows that there are now 73 counties in Kentucky which have adopted one of the standard breeds and are developing it as a county project. Ten counties are standardizing with White Wyandottes; 24 with Rhode Island Reds; 20 with White Plymouth Rocks; 14 with Barred Plymouth Rocks, and five Red counties are grouped solidly in Eastern Kentucky; Barred Plymouth Rock counties in North and South Central Kentucky; White Wyandottes in West Central Kentucky, and White Plymouth Rocks in Central and Western Kentucky. The advantages of such location of the counties as pointed out by members of the Extension Division, are that the standardized counties are put in a position to advertise and sell hatching eggs in a co-operative way thus aiding the development of the poultry industry in other states.

Standardization has been profitable to the farmers, it is said, in the report, which declares that one pound has been added to the hens which go on the market in sections where standardization has been under way for several years. Kentucky eggs also are now on an equal basis with western "firsts" as a result of the improvement brought about. In addition to this, farmers in these communities have learned to cooperate not only with other farmers but also with banks and business firms in those sections. Banks in many of the communities put out hatching eggs agreeing to take one pullet in return for each setting of eggs. In other counties, they co-operate by buying the eggs and selling them to the farmers.

Pullets which will be returned by farmers to the banks in the fall as payment for eggs will be sold at auction. Five such sales were held last year and 18 already have been scheduled this year. The counties which have standardized on White Wyandottes and the number of eggs distributed this year in each are Butler, 2,475 eggs; Henderson, 50,000; Hopkins, 7,320; Logan, 5,750; Muhlenburg, 5,413; Todd, 7,115; Union, 1,875. Two hundred baby chicks were distributed in Logan county and 125 in Union.

Counties which have standardized on Rhode Island Reds and the number of eggs distributed were: Bell, 4,040; Boyd, 4,940; Breathitt, 3,900; Clay, 2,500; Garrard, 825; Knox, 4,500; Laurel, 16,000; Lawrence, 2,850; Lee, 5,330; Marion, 6,375; Mason, 12,000; Mercer, 600; Owsley, 3,015; Powell, 3,600; and Rockcastle, 47,256. The number of baby Rhode Island Red chicks distributed were: Bell county, 2,600; Boyd, 250; Breathitt, 500; Clay, 100; Knox, 300; Lawrence, 300; Lee, 200; Mason, 200; Powell, 200; and Rockcastle, 300.

Counties specializing on White Plymouth Rocks and the number of eggs distributed to the farmers were: Allen, 9,641; Ballard, 7,500; Baren, 18,000; Calloway, 2,500; Carlisle, 2,795; Fulton, 21,000; Graves, 13,800; Hart, 2,500; La Rue, 7,400; McCracken, 41,700; Ohio, 10,500; Oldham, 28,200; Shelby, 12,684; Warren, 16,500. Baby White Plymouth Rock chicks distributed were: Carlisle, 200; Fulton, 375; Graves, 500; Hart, 100; McCracken, 1,000; Oldham, 325; Shelby, 575; and Warren 200. Counties specializing on Barred Plymouth Rocks and the number of eggs distributed were: Campbell, 8,500; Carroll, 4,000; Kenton, 5,000; McCreary, 6,015; Owen, 8,000; Pulaski, 37,660; Taylor, 15,535; Washington, 16,600; Wayne, 2,925; Whitley, 6,000. Baby Barred Plymouth Rock chicks distributed were: Campbell, 2,000; Carroll, 200; Kenton, 500; Taylor, 300; Wayne, 1,200; and Whitley, 100.

Counties which raise all breeds and specialize on no particular one, and the number of eggs distributed were: Christian, 17,500; Davie, 16,500; Fayette, 420; Jefferson, 7,000; and Nelson, 16,500. Baby chicks distributed in these counties were: Christian, 1,500; Jefferson, 2,500; and Nelson 5,000.

M. O. Hughes Explains Sapiro Plan At Lebanon

(By Associated Press)
Lebanon, Ky., June 29—The proposed co-operative marketing plan for tobacco growers of Central Kentucky will be explained to citizens of Marion county at the annual Chautauqua celebration of the Fourth of July here next Monday. Morgan O. Hughes, of Lexington, has been added to the Chautauqua program for the address. The lecture is part of the program being put on by the committee in charge of organization work of the marketing association.

A Boy Scout's Heroic Deed

(By Associated Press)
Charleston, W. Va., June 29—Dale Johnson, an 85-pound Boy Scout, has been given the scout medal of honor for having saved the life of Mrs. Rose Ashworth here at the peril of his own. Scout Johnson's deed required not only courage, but presence of mind and skill, because he entered a room of her burning home, wrapped Mrs. Ashworth in a wet blanket, and carried her through smoke and flames to safety. The presentation of the medal was made in the Supreme Court room here in the presence of a distinguished company.

President Frees Disloyalist Trio

Covington, Ky., June 29—News was received here that President Harding had commuted the sentences of four men convicted in the Federal Court at Covington. The sentences of C. B. Schoborg, Henry Kruse and Henry Feltman convicted December 10, 1920 for espionage during the World War, and given five years in the prison at Moundsville, W. Va., were commuted to expire at once.

In addition the fine of \$40,000 against Feltman was reduced to \$10,000. The President also commuted the three-year sentence of George W. Meninger, Covington, in the Atlanta prison, for stealing from an interstate shipment.

Daughter Sees Mother Stab Father To Death

Chicago, June 28—Mary Brough, 13 years old, wide-eyed and speechless, with terror wit-

nessed a desperate battle between her father, Kalmar, and her mother Mary, which ended when the mother obtained possession of a knife over which they were struggling and stabbed the husband to death. According to the daughter the father was upbraiding his wife for her conduct at a Sunday picnic. She retorted that he would have to quit drinking or she would leave him.

During the argument he lunged

at her with a butcher knife but she wrested it from him and plunged it three times into his left side, just below the heart. She was badly scratched and cut before she succeeded in killing him.

Don't Overlook This Indispensable SERVICE

❑ CERTAINLY you are interested in the things designed and made to give you great comfort, better living, more real enjoyment out of life.

❑ It is right along these important lines that the advertising columns of this newspaper furnish you with a service of inestimable value. There's hardly a thing they do not suggest to make the course of living easier, more comfortable and more pleasant. They show you where you get your money's greatest worth. They keep you informed as to styles, values and qualities. They point out where and when to find the very things for which you have been searching.

❑ And in reading the advertising, remember this: the man who spends his money to invite your consideration of his wares, backs up his belief in his goods and leaves the final decision to you.

❑ Do not overlook this mighty and indispensable service which this paper offers with the rest of the day's news.

Read the advertisements regularly!

Buy a season ticket. It's the cheapest after all. The whole program by single admission costs \$10.00, by buying a season ticket you can see all of it for \$3.03. The three best numbers by single admission will cost you \$3.05. You can see them, with a season ticket for \$3.03, and see or hear the other eleven numbers for nothing.

The good women of the Christian church are running the Chautauqua this year trying to make some money to decorate their church. If you buy a season ticket they get half of it, if you go and pay by single admission they get only 10 per cent of it. Surely you want to help them in their laudable enterprise, as well as help yourself by attending Chautauqua.

BURLEY BODY IS ENLARGED TO 29

Organization Committee of Co-operative Association To Have New Members

WILL REACH EVERY COUNTY

Louisville, Ky., June 7.—Enlargement of the Organization Committee of the proposed Co-operative Burley Marketing Association from five members to twenty-nine was announced here today. The new members are: J. N. Kelso, Maysville; Desha Breckinridge, Lexington; T. S. Burman, Richmond; Harry Giovannoli, Lexington; Samuel Clay, Paris; Chas. N. Manning, Lexington; William A. McDowell, Lexington; N. C. Ridgeway, Falmouth; the Rev. John P. Kneue, McQuady; Shelby T. Harrison, Lexington; Joseph E. Robinson, Lancaster; Miss Sunshine Sweeney, Lexington; T. J. Curtis, Richmond; Johnson N. Camden, Versailles; Dr. Frank L. McVey, Lexington; W. A. Clements, Springfield; Edward Bassett, Lexington; Louis L. Neale, Richmond; J. Quincey Ward, Cynthiana; Price Headley, Lexington; Walter Bennett, Richmond; H. B. Hanger, Jr., Richmond; L. A. Farrar, Elizabethtown, and Fred G. Stelz, Lexington.

The original five members of the Organization Committee, who will remain as an Executive Committee of the larger body, are: Judge Robert W. Bingham, chairman; W. E. Simms, Versailles; John T. Collins, Paris; James C. Stone, Lexington; and Ralph M. Barker, Carrollton.

The enlargement of the committee marks the first step of the movement to spread the organization to the individual counties. This will be continued as quickly as possible by the appointment of local chairmen and committees, to organize each county. At this date, Lexington and Richmond are the only centers which have been completely organized, but others are expected to do so during the next two weeks.

The function of the Organization Committee as it exists at present is to perfect machinery in each district to carry the contract of the association to the individual grower. This contract was offered to the growers for the first time at Carrollton June 13. At this time more than 1,335,000 pounds were signed up for the association.

It is expected that in the next weeks county organizations will be perfected and the active campaign brought home to every grower.

WHY GERMANY DOESN'T BUY COTTON

So Many Substitutes of Paper Have Long Been Used People Really Like It

Berlin, June 29.—Necessity has forced Central Europe to get along without its usual supply of cotton goods for so long that the public has become accustomed to all sorts of substitutes and the task of getting back the European market for American cotton is an extremely difficult one as long as the mark remains at its low and wildly fluctuating value.

What is true of the textile markets in Germany is even more true of those in Austria and other war torn countries which have unfavorable exchange. In consequence the buying power of Central Europe is generally estimated by manufacturers of cotton goods to be only 25 per cent of what it was in normal pre war times.

Germans have become so accustomed to the use of white paper tablecloths and napkins that even the best hotels in Berlin no longer feel it necessary to provide linen or cotton cloths for their tables. Great rolls of heavy crinkled paper are kept in all the restaurants and hotels. Waiters cut table lengths from these as required. The same system is resorted to in private homes.

Germany has an abundance of paper and the price is low. Textiles are expensive because of the high price of the imported raw materials. Laundry work is also expensive. Woven paper cloth has replaced cotton, woolen and silk fabrics almost entirely as upholstery and drapery material in car furnishings. Wherever cloth need not be washed or exposed to moisture paper substitutes are used. Woven paper towels and tablecloths have been perfected which can be washed ten or twelve times.

Former Postmaster General, Mr. Sidney Burleson, accompanied by N. C. Schlammmer, of Austin, Texas, who have been investigating the possibilities of marketing American cotton, have been faced by the foregoing discouraging facts.

Thrifty Germans have devised very possible means of avoiding the purchase of expensive textiles and in many families which formerly had many changes of clothing and had the washing done only at long intervals, the clothing supply has of necessity been curtailed considerably. Worn articles are repaired more carefully than before the war.

Until the value of the mark is stabilized great improvements cannot be expected in the cotton consuming power of Germany, according to Mr. Burleson. It is the wildly fluctuating value of the mark in relation to the dollar, rather than the low comparative value, which creates the great uncertainty among cotton spinners. Under present conditions they cannot make any estimated costs which will hold good over any considerable length of time. Although American cotton is

offered to German manufacturers for not more than half what it actually cost to produce the cotton, and in spite of the fact that long time is offered, in some cases as much as a year, the manufacturers hesitate to contract beyond the consuming power of their domestic markets. Retail sales are slow. Consumers are waiting for lower retail prices. Consequently there is a general stagnation.

Notable Lecture-Recital At Redpath Chautauqua.

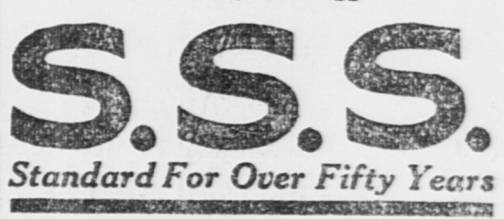

WALLACE BRUCE AMSBURY. Wallace Bruce Amsbury, poet and interpreter, will give a delightfully unusual lecture-recital at the coming Redpath Chautauqua. His subject will be "James Whitcomb Riley, Poet-Seer of Lockesburg Street." With the spirit of a poet and the keen insight of the interpreter, Mr. Amsbury renews for his audiences the elusive charm and wholesome humor of the beloved Riley. All the whimsicality of Riley and his keen, understanding large-heartedness are drawn with fidelity, brilliance and sympathy in Mr. Amsbury's interpretations.

The batting averages, the pitchers' records, the club batting, and fielding averages will appear in the Daily Register after the three games this week.
